

# April 29 Red Sea Update

From U.S. Central Command, April 29, 2024

TAMPA, Fla. – Between 10:00 a.m. and 5:20 p.m. (Sanaa time) on April 29, Iranian-backed Houthi terrorists fired three anti-ship ballistic missiles (ASBM) and three UAVs from Yemen into the Red Sea towards MV Cyclades, a Malta-flagged, Greece-owned vessel. Initial reports indicate there were no injuries and the vessel continued on its way.

Earlier, at 7:49 a.m., U.S. Central Command (USCENTCOM) forces successfully engaged and destroyed one Houthi launched airborne unmanned aerial vehicle (UAV) on a flight path towards USS Philippine Sea and USS Laboon in the Red Sea. There were no injuries or damages reported by U.S., coalition, or merchant vessels.

It was determined the UAV presented an imminent threat to U.S., coalition, and merchant vessels in the region. These actions are taken to protect freedom of navigation and make international waters safer and more secure for U.S., coalition, and merchant vessels.
