Coast Guard Cutter Maurice Jester commissions in Rhode Island

BOSTON – The Coast Guard’s newest cutter, the Coast Guard Cutter Maurice Jester (WPC-1152), was commissioned at Fort Adams State Park, Rhode Island, Friday.

Lt. Terry Netusil, assumed command of the cutter during a ceremony presided over by Vice Adm. Kevin Lunday, the Coast Guard Atlantic Area commander. The Maurice Jester is the third

of six Fast Response Cutters that will be homeported in Boston, serving along the 1st Coast Guard District.

The Sentinel-class fast response cutter (FRC) is designed for multiple missions, including drug and migrant interdiction; ports, waterways and coastal security; fishery patrols; search and rescue; and national defense. The Coast Guard has ordered 65 FRCs to replace the 1980s-era Island-class 110-foot patrol boats. The FRCs feature advanced command, control, communications, computers, intelligence, surveillance and reconnaissance equipment; over-the-horizon cutter boat deployment to reach vessels of interest; and improved habitability and seakeeping.

Born in Chincoteague, Virginia, Lt. Cmdr. Maurice Jester enlisted in the United States Coast Guard in 1917, rising to the rank of Chief Petty Officer Boatswains Mate by 1936. As the United States entered World War II in 1941, Chief Jester was promoted to Lieutenant and given command of the USCGC Icarus (WPC 110). Only one year later, LT Jester along with his crew, became the first U.S. Ship to capture the crew of a German U-Boat after it's sinking. For his heroics in the sinking and rescue of the German Sailors aboard U-352, LT Maurice Jester was awarded the Navy Cross and promoted to Lieutenant Commander for his leadership.

USCGC Dependable returns home following 42-day multi-mission patrol in the Florida

Straits and Windward Passage

[Release from U.S. Coast Guard Atlantic Area](#)

USCGC Dependable returns home following 42-day multi-mission patrol in the Florida Straits and Windward Passage

VIRGINIA BEACH, Va. – The crew of USCGC Dependable (WMEC 626) returned to their home port in Virginia Beach, Sunday, following a 42-day patrol in the Florida Straits and Windward Passage.

Dependable's crew contributed to the interdiction, care and repatriation of over 300 migrants while patrolling the Seventh Coast Guard District's area of responsibility in support of Operation Vigilant Sentry and Homeland Security Taskforce – Southeast.

While operating in the Florida Straits, Dependable was supported by multiple Coast Guard air assets to interdict two known drug smugglers in the vicinity of the Old Bahama Channel. Dependable's small boat crew stopped the vessel and embarked the smugglers. Over 1,100 pounds of contraband was recovered, making this the first drug bust for the cutter in more than three years.

Throughout the patrol, Dependable also collaborated with numerous other Coast Guard and partner assets, including a Coast Guard Law Enforcement Detachment embarked on the Navy ship USS Little Rock.

"The crew has been training to conduct migrant interdiction operations since July 2022," said Lt. Cmdr. Dana Prefer, Dependable's executive officer. "In preparation for the recent uptick in maritime migration ventures, we worked hard to qualify over 50 crew members to provide security and care for the migrants embarked aboard the cutter. All the training and preparation paid off as it was truly a team effort to interdict, process, and care for the well-being of migrants throughout our patrol."

Dependable is a 210-foot Reliance-class medium endurance cutter with a crew of 67. The cutter's primary missions include counter drug operations, migrant interdiction, enforcement of federal fishery laws, and search and rescue in support of Coast Guard operations throughout the Western Hemisphere.

U.S., Philippine, Japan Coast Guards to conduct trilateral engagements

RELEASE DATE: 01JUN

[Release from U.S. Coast Guard Pacific Area](#)

HEADLINE: U.S., Philippine, Japan Coast Guards to conduct trilateral engagements

MANILA, Philippines – The U.S. Coast Guard Cutter Stratton (WMSL 752) and crew arrived in Manila on Thursday to conduct professional exchanges and joint operations with members of the Philippine and Japan Coast Guards during Stratton's months-long Indo-Pacific deployment.

Members from the three Coast Guards will engage in the first ever group of trilateral activities at sea and in port during a multi-day visit building upon enduring partnerships between the nations.

"We're eager to join the Philippine and Japan Coast Guards and participate in meaningful engagements with our allies and partners both in port and at sea," said U.S. Coast Guard Capt. Brian Krautler, Stratton's commanding officer. "This first trilateral engagement between the Coast Guards of these nations will provide invaluable opportunities to strengthen global maritime governance through professional exchanges and combined operations. Together we'll demonstrate professional, rules-based standards of maritime operations with our steadfast partners to ensure a free and open Indo-Pacific."

Operating under the tactical control of Commander, U.S. 7th Fleet, Stratton's crew plans to engage in professional and subject matter expert exchanges with partners and allies throughout the region.

The U.S. Coast Guard's steadfast partnerships and presence in the Indo-Pacific have increased in recent years. Stratton's current Indo-Pacific patrol is the cutter's second patrol in the region and one of seven national security cutter deployments to the Indo-Pacific since 2019.

The Coast Guard Cutter Midgett (WMSL 757) [conducted an at-sea search-and-rescue exercise](#) with the Philippine Coast Guard following a port call to Manila in 2022. Midgett's crew conducted professional engagements and subject matter expert

exchanges between the two services during the multi-day port visit.

The Coast Guard Cutter Kimball (WMSL 756) [conducted combined operations and search-and-rescue exercises](#) with the Japan Coast Guard in Kagoshima, Japan during their Western Pacific patrol in February in support of Operation Solid Alliance for Peace and Prosperity with Humanity and Integrity on the Rule of law-based Engagement (SAPPHIRE). SAPPHIRE is a joint agreement between the U.S. and Japan Coast Guards signed in 2022 for enhancing cooperation between the two sea services.

The Coast Guard provides expertise in all aspects of maritime governance, within the mission sets of: search and rescue; illegal, unreported and unregulated fishing; maritime environmental response; maritime security; maritime domain awareness; maritime aviation operations; and humanitarian assistance and disaster relief.

As both a federal law enforcement agency and a branch of the armed forces, the Coast Guard is uniquely positioned to conduct security cooperation operations in support of combatant commanders. The service routinely provides forces in joint military operations worldwide, including the deployment of cutters, boats, aircraft and deployable specialized forces.

Commissioned in 2012, Stratton is one of four Coast Guard legend-class national security cutters homeported in Alameda, California. National security cutters are 418-feet long, 54-feet wide, and have a 4,600 long-ton displacement. They have a top speed in excess of 28 knots, a range of 12,000 nautical miles, endurance of up to 90 days and can hold a crew of up to 170.

National security cutters feature advanced command and control capabilities, aviation support facilities, stern cutter boat

launch and increased endurance for long-range patrols to disrupt threats to national security further offshore.

U.S. Coast Guard Pacific Area is responsible for U. S. Coast Guard operations spanning across six of the seven continents, 71 countries and more than 74 million square miles of ocean. It reaches from the shores of the West Coast of the United States to the Indo-Pacific, Eastern Pacific, Arctic and Antarctic. Pacific Area strives to integrate capabilities with partners to ensure collaboration and unity of effort throughout the Pacific.

USCGC Confidence returns home following 40-day Windward Passage and South Florida Straits patrol

[Release from Coast Guard Atlantic Area](#)

USCGC Confidence returns home following 40-day Windward Passage and South Florida Straits patrol

CAPE CANAVERAL, Fla. – The crew of the USCGC Confidence (WMEC 619) returned to their home port in Cape Canaveral, Monday, following a 40-day patrol in the Windward Passage and South Florida Straits.

Confidence's crew contributed to the interdiction, care and repatriation of 138 migrants while patrolling in support of Operation Vigilant Sentry and Homeland Security Task Force – Southeast in the Seventh Coast Guard District's area of responsibility. Confidence's crew conducted maritime safety and security missions working with other Coast Guard cutters and air assets to detect, deter and intercept unsafe and illegal migrant ventures bound for the United States.

During the patrol, Confidence's crew hosted members from the

Haitian Coast Guard to further enhance key U.S. strategic partnerships and provide critical mission insight into operations within the Windward Passage.

“It was a pleasure to work with our Coast Guard, international and agency partners in the important mission to deter and respond to dangerous migration attempts,” said Cmdr. Thomas Martin, commanding officer of Confidence. “The crew professionally executed numerous transits, boat patrols and transfers to safeguard lives at sea.”

Confidence is a 210-foot, Reliance-class medium endurance cutter. The cutter’s primary missions are counter drug operations, migrant interdiction, enforcement of federal fishery laws and search and rescue in support of U.S. Coast Guard operations throughout the Western Hemisphere.

HII's Newport News Shipbuilding Welcomes High School Seniors to Shipbuilding Careers

[Release from HII](#)

NEWPORT NEWS, Va., May 17, 2023 (GLOBE NEWSWIRE) – HII's (NYSE: HII) Newport News Shipbuilding division recently signed more than two dozen graduating high school seniors for careers in shipbuilding at the New Horizons Regional Education Centers (NHREC) Good Life Solution Program's Career Selection Day, at a time the shipyard is executing on orders for mission-critical aircraft carriers and submarines in service of the U.S. Navy and the nation.

A total of 32 students accepted employment offers from NNS: 20 who will begin full-time trade positions within the shipyard and 12 who will attend The Newport News Shipbuilding Apprentice School. Funded by HII to train and develop the next generation of shipbuilders, The Apprentice School offers four-to eight-year, tuition-free apprenticeships in 19 trades and eight optional advanced programs, to include accredited undergraduate degrees in engineering.

The Good Life Solution Program is a collection of partnerships between NHREC and local employers looking to improve the way they recruit, hire, train and retain entry-level new hires out of high school. The program has a one-year retention rate of 80%.

Photos accompanying this release are available at: <https://hii.com/news/hii-newport-news-shipbuilding-shipbuilding-careers-nhrec-2023/>.

“Each year, this program grows and is a clear demonstration that there is more than one path to success,” said Xavier Beale, NNS vice president of human resources and trades, who attended the event. “I’m honored to welcome these students into our shipbuilding family as they embark upon a remarkable journey. They will continue to develop their talents and grow their careers with us – all while serving our nation and building freedom.”

NNS plans to hire approximately 2,500 skilled trade positions this year to meet the shipbuilding needs of the Navy. The shipyard anticipates hiring nearly 19,000 people within the next decade as it fulfills orders for the U.S. Navy.

May 13, 2023

USCGC Campbell returns home following 59-day multi-mission patrol in the Florida Straits and Windward Passage

NEWPORT, R.I. – The crew of the USCGC Campbell (WMEC 909) returned to their home port in Newport, Saturday, following a 59-day patrol to the South Florida Straits and Windward Passage.

Campbell deployed in support of Homeland Security Task Force – Southeast and Operation Vigilant Sentry in the Seventh Coast Guard District's area of responsibility. While underway, Campbell's crew conducted maritime safety and security missions while working to detect, deter and intercept unsafe and illegal maritime migration ventures bound for the United States.

Over the course of the patrol, Campbell's crew processed, cared for and repatriated 634 migrants. Notably, Campbell worked with USCGC Bernard C. Webber (WPC 1101) to rescue 219 people from an overloaded, 50-foot sailing vessel.

Working with the Haitian Coast Guard, Campbell embarked one

member as a ship rider for patrols along the coast of Haiti. Additionally, the cutter supported Department of Defense and U.S. embassy outreach efforts, providing officials with the opportunity to observe on-scene conditions in local Haitian communities.

Campbell is a 270-foot, Famous-class medium endurance cutter. The cutter's primary missions are counter-narcotics operations, migrant interdiction, living marine resources protection, and search and rescue in support of U.S. Coast Guard operations throughout the Western Hemisphere.

For information on how to join the U.S. Coast Guard, visit [GoCoastGuard.com](https://www.goCoastGuard.com) to learn about active duty, reserve, officer, and enlisted opportunities. Information on how to apply to the U.S. Coast Guard Academy can be found [here](#).

BOLLINGER SHIPYARDS DELIVERS 53rd FAST RESPONSE CUTTER TO U.S. COAST GUARD

Release from Bollinger Shipyards

USCGC John Patterson is the fourth of six FRCs to be homeported in Boston, MA

LOCKPORT, La., – (May 11, 2023) – Bollinger Shipyards LLC (“Bollinger”) has delivered the USCGC John Patterson to the U.S. Coast Guard in Key West, Florida. This is the 179th vessel Bollinger has delivered to the U.S. Coast Guard over a 35-year period and the 53rd [Fast Response Cutter](#) (“FRC”) delivered under the current program.

“We’re incredibly proud to deliver another Fast Response Cutter to be homeported in Boston, the birthplace of the U.S. Coast Guard,” said Bollinger President & C.E.O. Ben Bordelon. “We’re confident that pound for pound, the quality and capabilities of the FRC platform is unmatched, and that

this vessel will outperform its mission requirements and expectations in the challenging conditions where it will operate in the North Atlantic. Our unique experience building for the Coast Guard is unparalleled and has shown time and time again that we can successfully deliver the highest quality vessels on a reliable, aggressive production schedule. We look forward to continuing our historic partnership with the U.S. Coast Guard.”

The USCGC John Patterson will be the fourth of six FRCs to be homeported in Sector Boston, which is known as “The Birthplace of the Coast Guard.” The sector is responsible for coastal safety, security, and environmental protection from the New Hampshire-Massachusetts border southward to Plymouth, Massachusetts out to 200nm offshore. Sector Boston directs over 1,500 Active Duty, Reserve, and Auxiliary members whose mission is to protect and secure vital infrastructure, rescue mariners in peril at sea, enforce federal law, maintain navigable waterways, and respond to all hazards impacting the maritime transportation system and coastal region.

Each FRC is named for an enlisted Coast Guard hero who distinguished themselves in the line of duty. While attached to an LST during the invasion at Anzio, Italy, Coxswain Patterson volunteered as a member of a boat crew to go the side of a burning LST during a full gale in an effort to rescue personnel trapped below decks. Despite the fact the blazing ship was pitching and rolling in a dangerous manner and ammunition was exploding he aided in the rescue of a soldier, trapped in a lower compartment and brought him to safety.

ABOUT THE FAST RESPONSE CUTTER PLATFORM

The FRC is an operational “game changer,” according to senior Coast Guard officials. FRCs are consistently being deployed in support of the full range of missions within the United States Coast Guard and other branches of our armed services. This is

due to its exceptional performance, expanded operational reach and capabilities, and ability to transform and adapt to the mission. FRCs have conducted operations as far as the Marshall Islands—a 4,400 nautical mile trip from their homeport. Measuring in at 154-feet, FRCs have a flank speed of 28 knots, state of the art C4ISR suite (Command, Control, Communications, Computers, Intelligence, Surveillance, and Reconnaissance), and stern launch and recovery ramp for a 26-foot, over-the-horizon interceptor cutter boat.

USCGC Thetis returns home following 66-day multi-mission Caribbean Sea patrol

[Release from Coast guard 7th District](#)

USCGC Thetis returns home following 66-day multi-mission Caribbean Sea patrol

KEY WEST, Fla. – The crew of the USCGC Thetis (WMEC 910) returned to their home port in Key West, Thursday, following a 66-day patrol in the Florida Straits and Caribbean Sea.

Thetis' crew contributed to the interdiction, care and repatriation of 125 migrants from Haiti and Cuba while patrolling the Seventh Coast Guard District's area of responsibility in support of Operation Vigilant Sentry and Homeland Security Taskforce – Southeast.

During the patrol, Thetis' crew rescued 31 Cuban migrants from an overcrowded, adrift and homemade vessel in the South Florida Straits. The boarding team safely embarked the migrants aboard Thetis, where Petty Officer 1st Class William Ice, a health services technician assigned to Thetis, provided a lifesaving emergency procedure for one of the migrants. During another case, Thetis watch standers spotted a Haitian sailboat in distress and provided rescue assistance to the 13 Haitians.

Additionally, working with Bahamian Customs Department, Thetis safely returned 54 Haitian migrants to their point of departure in the Bahamas after their overcrowded and unseaworthy vessel was intercepted in transit to West Palm Beach, Florida.

"I am so proud of the crew's hard work and professionalism this patrol," said Cmdr. Gavin Garcia, commanding officer of Thetis. "It takes a great deal of teamwork within the ship as well as coordination with other organizations to meet the demands of two of the Coast Guard's main missions in the South Florida Straits: search and rescue and maritime law

enforcement.”

Thetis is a 270-foot Famous-class medium endurance cutter. The cutter’s primary missions are counter-narcotics operations, migrant interdiction, living marine resources protection, and search and rescue in support of U.S. Coast Guard operations throughout the Western Hemisphere.

U.S. Coast Guard Seizes \$30 Million in Drugs with International Task Force

[Release from U.S. Naval Central Forces Command Public Affairs](#)

MANAMA, Bahrain – A U.S. Coast Guard fast response cutter seized more than \$30 million of heroin and methamphetamine from a fishing vessel transiting the Gulf of Oman, May 8.

Operating in support of Combined Task Force (CTF) 150, USCGC Glen Harris (WPC 1144) seized 580 kilograms of methamphetamine and 35 kilograms of heroin from a vessel transiting international waters after departing Chah Bahar, Iran.

CTF 150 is one of four task forces that form the world's largest multinational naval partnership, Combined Maritime Forces. Naval forces supporting CTF 150 have seized illegal drugs worth a combined estimated U.S. street value of nearly \$200 million in 2023.

Glen Harris arrived in the Middle East last year and operates from the U.S. Navy base in Bahrain where CMF is headquartered with U.S. Naval Forces Central Command and U.S. 5th Fleet.

The fast response cutter is part of a contingent of U.S. Coast Guard ships forward-deployed to the region under Patrol Forces Southwest Asia (PATFORSWA). PATFORSWA deploys Coast Guard personnel and ships alongside U.S. and regional naval forces throughout the Middle East.

“The dedication and expertise of Glen Harris’s leadership and crew embody our commitment to interdict and remove illicit narcotics from the sea, denying malign actors the ability to destabilize the region,” said Capt. Eric A. Helgen, PATFORSWA’s commander. “I could not be more proud of our fast response cutter crews.”

Currently led by the United Kingdom, CTF 150 conducts maritime security and counter-terrorism operations in the Gulf of Oman and Indian Ocean to disrupt criminal and terrorist

organizations and their related illicit activities, including the movement of personnel, weapons, narcotics and charcoal. These efforts help ensure legitimate commercial shipping transits the region free from non-state threats.

U.S. and international naval units in the Middle East seized illegal drugs totaling \$1 billion in value from 2021 to 2022.

Coast Guard offloads \$10.2 million in seized cocaine, transfers 3 smugglers to federal agents in San Juan, Puerto Rico

[Release from United States Coast Guard](#)

May 4, 2023

SAN JUAN, Puerto Rico – The Coast Guard Cutter Joseph Napier crew and Caribbean Corridor Strike Force agents offloaded 901 pounds (411kgs) of cocaine Wednesday in San Juan, Puerto Rico, following the interdiction of a smuggling vessel north of Puerto Rico.

The three men apprehended in this case are Dominican Republic nationals who are facing federal prosecution in District Court of Puerto Rico for Conspiracy to Possess with Intent to Distribute a Controlled Substance Aboard a Vessel Subject to the Jurisdiction of the United States.

The Transnational Organized Crime Division of the U.S. Attorney's Office for the District of Puerto Rico is leading the prosecution for this case, while Special Agents supporting the Caribbean Corridor Strike Force are leading the

investigation.

During a patrol Saturday night, the aircrew of a Coast Guard maritime patrol aircraft detected a suspect go-fast vessel north of Puerto Rico. Coast Guard watch standers at Sector San Juan diverted the cutter Joseph Napier that arrived on scene in pursuit and stopped the 30-foot blue and white go-fast vessel, apprehended three men and recovered 12 bales of suspected contraband that tested positive for cocaine.

"I'm extremely proud of our crew, especially the pursuit team, for their tactical proficiency and resiliency in stopping this drug-smuggling vessel from entering Puerto Rico," said Lt. DeVonte Weems, Coast Guard Cutter Joseph Napier commanding officer. "It was a great team effort with seamless coordination between Coast Guard surface, aerial, and shoreside units that resulted in a successful interdiction."

The interdiction is the result of multi-agency efforts involving the Organized Crime Drug Enforcement Task Force (OCDETF), the Caribbean Border Interagency Group and the Caribbean Corridor Strike Force. OCDETF identifies, disrupts, and dismantles the highest-level criminal organizations that threaten the United States using a prosecutor-led, intelligence-driven, multi-agency approach. Additional information about the OCDETF Program can be found at <https://www.justice.gov/OCDETF>.

Cutter Joseph Napier is a 154-foot fast response cutter that is homeported in San Juan, Puerto Rico.
