MIAMI – Coast Guard, U.S Customs and Border Protection Air and Marine Operations and U.S. Border Patrol officers stopped three human smuggling attempts and detained 100 people between Dec. 12 and Dec. 14, the Coast Guard 7th District said in a release.

Coast Guard and CBP AMO officers detained 43 people at sea, and one suspected smuggler was transferred to Homeland Security Investigation officers for further investigation, Sunday, off the coast of Jupiter, Florida. Additionally, 26 people were apprehended by Border Patrol officers after a maritime smuggling event landed in the vicinity of Ocean Blvd.

Coast Guard and CBP AMO officers detained 28 people of various nationalities at sea, and the case is under investigation by Homeland Security Investigation officers, Dec. 14, off Pompano's coast.

Additionally, two landings happened off Pompano Beach, Dec. 12 and Dec. 14, and approximately 26 people were not apprehended.

"Human smuggling is dangerous and illegal," said Rear Adm. Brendan McPherson, commander of Coast Guard 7th District and director of Homeland Security Task Force-Southeast. "Smugglers exploit vulnerable people for profit with no regard for their safety. We work hard, along with our dedicated local law enforcement and fellow DHS partners, to protect all lives on and offshore."

"Air and Marine Operations has the duty to patrol the waters around the Florida Straits, and along with our partners, we work every day to defeat the efforts of smugglers who have little regard for the human suffering they cause," said Gerald Burgess, spokesman for Air and Marine Operations, Southeast Region. "Together with DHS partners, we work to keep the waters safe and secure."

Those intercepted at sea are transferred or repatriated to their country of origin.

Homeland Security Task Force-Southeast is a standing task force that provides the organizational framework to detect a mass migration event or other contingency operation, facilitate the assignment of roles to participating agencies, and establishes processes for intra-departmental and inter-

departmental collaboration. Partners within HSTF-SE routinely conduct a broad range of readiness activities, including periodic surge operations and exercises.
