HII Launches Virginia-class Submarine Arkansas at Newport News Shipbuilding

NEWPORT NEWS, Va., July 2, 2025 (GLOBE NEWSWIRE) — HII (NYSE: HII) announced today that Virginia-class submarine Arkansas (SSN 800) was recently launched into the James River at the company's Newport News Shipbuilding (NNS) division.

Shipbuilders transferred the submarine from a construction facility to the floating dry dock, where it was launched and moved by tugboats to a submarine pier at the shipyard for final outfitting, testing and crew certification.

"We are committed to increasing submarine construction cadence and throughput for the U.S. Navy," said Bryan Caccavale, NNS vice president of Navy programs. "Nuclear-powered submarines are critical to our national security and we're proud to see Arkansas in the water."

The ship's sponsors are the six women of the historic group

known as the Little Rock Nine, the first African American students to attend all-white Central High School in Little Rock, Arkansas, during desegregation.

Arkansas is the 27th Virginia-class submarine and will be the 13th delivered by NNS. The advanced capabilities of Virginia-class submarines increase firepower, maneuverability and stealth.
