TAMPA, Fla. – In the past 24 hours, U.S. Central Command forces successfully destroyed two Iranian-backed Houthi uncrewed aerial vehicles (UAV) over the Red Sea and one Iranian-backed Houthi uncrewed surface vessel (USV) in the Red Sea.

It was determined the UAVs and USV presented an imminent threat to U.S., coalition forces, and merchant vessels in the region. These actions were taken to protect freedom of navigation and make international waters safer and more secure.
