

Last-built AV-8B Harrier II delivered to National Naval Aviation Museum

AV-8B Harrier II BuNo 166288 was demilitarized and made safe for static display at the National Naval Aviation Museum in Pensacola. BuNo 166288 was delivered by Boeing in September 2003 and logged over 5,800 flight hours over the years, deploying on multiple L-Class ships and land-based sites in support of combat operations.
