

September 20 U.S. Central Command Update

From U.S. Central Command, Sept 20, 2024

TAMPA, Fla. – In the past 24 hours, U.S. Central Command (USCENTCOM) forces successfully destroyed one Iranian-backed Houthi uncrewed aerial vehicle launched from Houthi-controlled areas of Yemen over the Red Sea.

It was determined this system presented an imminent threat to U.S. and coalition forces, and merchant vessels in the region. This action was taken to protect freedom of navigation and make international waters safer and more secure for U.S., coalition, and merchant vessels.
