MANAMA, Bahrain — A U.S. Coast Guard fast response cutter seized an estimated \$29 million worth of illicit narcotics from a fishing vessel while patrolling the Gulf of Oman, Oct. 12, two weeks after another sizable interdiction, U.S. Naval Forces Central Command Public Affairs said in an Oct. 13 release.

USCGC Charles Moulthrop (WPC 1141) confiscated 2,980 kilograms of opium and 400 kilograms of methamphetamines as

the fishing vessel transited international waters. The Coast Guard cutter was operating in support of Combined Task Force 150, which oversees maritime security operations for Combined Maritime Forces in the Arabian Sea, Gulf of Oman and Gulf of Aden.

“A success like this is a team effort. I am proud of each and every member of our crew,” said Lt. Cmdr. Stephen Hills, Charles Moulthropé’s commanding officer. “We remain committed to countering the flow of illegal contraband and promoting security and stability across the region.”

Hills’ crew previously interdicted another fishing vessel Sept. 27 while patrolling the Gulf of Oman, which led to the seizure of \$85 million worth of illegal drugs.

Charles Moulthropé arrived in the Middle East in May and operates from the U.S. Navy base in Bahrain where U.S. Naval Forces Central Command, U.S. 5th Fleet and Combined Maritime Forces are headquartered.
