SAN DIEGO – Twenty-six nations, 38 surface ships, four submarines, nine national land forces, more than 170 aircraft and approximately 25,000 personnel will participate in the biennial Rim of the Pacific (RIMPAC) exercise scheduled June 29 to Aug. 4, in and around the Hawaiian Islands and Southern California, Commander, U.S. 3rd Fleet Public Affairs, said May 31.

RIMPAC 2022 is the 28th exercise in the series that began in

1971.

As the world's largest international maritime exercise, RIMPAC provides a unique training opportunity designed to foster and sustain cooperative relationships that are critical to ensuring the safety of sea lanes and security on the world's interconnected oceans.

The theme of RIMPAC 2022 is "Capable, Adaptive, Partners." Participating nations and forces will exercise a wide range of capabilities and demonstrate the inherent flexibility of maritime forces. These capabilities range from disaster relief and maritime security operations to sea control and complex warfighting. The relevant, realistic training program includes amphibious operations, gunnery, missile, anti-submarine and air defense exercises, as well as counter-piracy operations, mine clearance operations, explosive ordnance disposal and diving and salvage operations.

This year's exercise includes forces from Australia, Brunei, Canada, Chile, Colombia, Denmark, Ecuador, France, Germany, India, Indonesia, Israel, Japan, Malaysia, Mexico, Netherlands, New Zealand, Peru, the Republic of Korea, the Republic of the Philippines, Singapore, Sri Lanka, Thailand, Tonga, the United Kingdom and the United States.

Hosted by Commander, U.S. Pacific Fleet, RIMPAC 2022 will be led by Commander, U.S. 3rd Fleet, who will serve as Combined Task Force commander. Royal Canadian Navy Rear Adm. Christopher Robinson will serve as deputy commander of the CTF, Japan Maritime Self-Defense Force Rear Adm. Toshiyuki Hirata as the vice commander, and Fleet Marine Force will be led by U.S. Marine Corps Brig. Gen. Joseph Clearfield. Other key leaders of the multinational force will include Commodore Paul O'Grady of the Royal Australian Navy, who will command the maritime component, and Brig. Gen. Mark Goulden of the Royal Canadian Air Force, who will command the air component.

During RIMPAC, a network of capable, adaptive partners train and operate together in order to strengthen their collective forces and promote a free and open Indo-Pacific. RIMPAC 2022 contributes to the increased interoperability, resiliency and agility needed by the joint and combined force to deter and defeat aggression by major powers across all domains and levels of conflict.
