MAYPORT, Fla. – U.S. Navy and Marine Corps, and participating nation forces are set to arrive at Naval Station Mayport, Fla., in support of UNITAS 2025 (66) the world’s longest-

running multinational maritime exercise, scheduled to start September 15, 2025.

The U.S. Navy will host this year's UNITAS featuring approximately 8,000 personnel from 25 allied and partner nations, including multiple ships, submarines, and aircraft (fixed wing and rotary). Forces will conduct operations off the East Coast of the United States and ashore in the vicinity of Naval Station Mayport, Fla., Marine Corps Base Camp Lejeune, N.C., and Naval Station Norfolk, Va. through October 6.

UNITAS, which is Latin for unity, united, or oneness, was conceived in 1959 when representatives at the first Inter-American Naval Conference in Panama agreed to conduct an annual maritime exercise with one another. The first UNITAS took place in 1960 with forces from Argentina, Brazil, Chile, Colombia, Ecuador, Peru, Uruguay, the United States, and Venezuela. This year marks the 66th iteration of the world's longest-running annual multinational maritime exercise.

Including the United States, UNITAS 2025 will bring together 26 nations from all over the world to train forces in joint maritime operations that enhance tactical proficiency and increase interoperability. Participating nations include Argentina, Belize, Brazil, Canada, Chile, Colombia, Dominican Republic, Ecuador, El Salvador, France, Germany, Greece, Guatemala, Honduras, Italy, Mexico, Morocco, Netherlands, Jamaica, Japan, Panama, Paraguay, Peru, Singapore, Spain, and the United States

"In line with the Secretary's guidance, and to bolster defense of the homeland and build on over six decades of success, UNITAS 2025 is a vital opportunity to demonstrate how our partners in the region work together to defend against hemispheric threats," said Rear Adm. Carlos Sardiello, commander of U.S. Naval Forces Southern Command/U.S. 4th Fleet

and commander, Task Force 138. “By bringing together 25 nations, we’re not just enhancing tactical proficiency and interoperability, we are demonstrating a prime example of regional burden-sharing; we’re reinforcing trust and unity crucial for ensuring we stand side by side against hemispheric threats.”

Following the UNITAS 2025 Opening Ceremony on September 15, the in-port phase of the exercise will feature subject matter expert exchanges, professional symposiums, ship rider exchanges, and operations meetings. During this time, Marines and Sailors will conduct training events in Mayport to include medical, cyber defense, and diving and salvage operations.

During the UNITAS 2025 Underway Phase, forces will participate in events testing all warfare operations, to include live-fire exercises such as a SINKEX, an amphibious ship-to-shore landing and force withdrawal in Camp Lejeune, North Carolina.

Additionally, unmanned and hybrid fleet systems will return to UNITAS for a second year as part of the testing and development of the U.S. Navy’s future hybrid fleet.
